EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on March 3, 2004 Ms. Enaudi requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 06-0916 the required fee of \$420.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- A) Cancel claims 24-30 without prejudice or disclaimer.
- Claims 1-15 & 31-85 directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 16-19, directed to the process of using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, now subject to being rejoined. Process claims 16-19 hereby

rejoined and fully examined for patentability under 37 CFR 1.104. Claims 24-30, not directed to the process of using the patentable product, will not be rejoined.

The following is an examiner's statement of reasons for allowance: Concerning claims 1-3. 85 there is no prior art that teach or suggest the PNA derivative in claim 1. The closest prior art is Uhlmann et al who teach polyamide nucleic acids that bind to complementary DNA and RNA with N-(2aminoethyl)glycine units (see whole document esp. page 603, 604 & 607 structures) but do not teach or suggest the Q at the C terminal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
